13th April 2017

To whom it may concern,

Title: Prevention of Respiratory Insufficiency after Surgical Management (PRISM) Trial:

A pragmatic randomised controlled trial of continuous positive airway pressure (CPAP) to prevent respiratory complications and improve survival following major abdominal surgery

Re: REC Ref: 15/LO/1595 IRAS Project ID: 183040

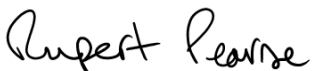

Amendment number: Substantial amendment 2

We would be grateful if you would consider the attached substantial amendment to our ethics approval, which relates to minor clarifications to the protocol and IRAS form.

Please find attached:

1. Summary of protocol changes version 1.6, 10th April 2017
2. PRISM protocol with tracked changes version 1.6, 10th April 2017
3. PRISM protocol v1.6 clean copy 10th April 2017
4. Notice of substantial amendment form, 25th April 2017

Yours sincerely

Rupert Pearse

Professor & Consultant in Intensive Care Medicine Queen Mary University London
